

Mr Bambino

on pirate expedition

For this summer holiday, Bambino has prepared an amusing programme Mr Bambino on pirate expedition where we will experience a whole lot of adventure not only at pirate boat but also “under the sea level”. We will gladly welcome all children (and their siblings as well as parents), whose kindergarten is close in the summer.

Bambino sets sail

July 8 – July 12, 2024

Spread sails, pull up stakes, board on, we are setting sail! This year's adventurous expedition starts in high style. First, we need to prepare the right vehicle for the right pirate expedition; and not to get lost, we will learn how to use pirate maps correctly.

Bambino sails on

July 15 – July 19, 2024

Everything is ready to set sail, so hurray to the journey. In the first sail, we will meet various sea and terrestrial creatures, we will not miss meeting pirates. Are they big and hairy? Or small with wooden legs? Do they have an eye patch? Mr Bambino will help us to find it out.

Our Bambino Atlantis

July 22 – July 26, 2024

This week, the whole kindergarten will change to the mythic Atlantis. Mr Bambino will help us to examine the seabed thoroughly, to look for lost cities and treasures, maybe we will really find something extraordinary... maybe a sea monster?

Mr Bambino and undersea creatures

July 29 – August 2, 2024

We already know undersea people but what else is hiding under the water? How many tentacles does an octopus have and how does a crayfish walk? Be welcomed for a tea from a giant squid. Will she make a crab spread or cook snails for us? Bon appetit!

Uncertain weather of sea depths

August 5 – August 9, 2024

Is it as hot in the sea as in the land? Can we sunbathe there? Mr Bambino will teach us what is tornado, tsunami, heavy sea, but also sandstorm. Don't worry, we will not try anything of that here! We will rather take a look at calm and stormy sea so that we can try that at evening bath.

Bambino Atlantic Games

August 12 – August 16, 2024

Like in our world, also the sea people like sports. Don't you believe? Then join us for a week of sea Olympic games! Football, sprints, shot put, high jump... or rather water polo, water level run, trident throw, or jumping with dolphins? Who will not get sweat this week, he will hardly win the seaweed wreath!

Undersea celebration (for bambino client only due to staff training)

August 19 – August 23, 2024

It would not be a right end of the summer without a big celebration! Plankton decorations, fish scale masks, fish cocktails... Don't say you are not joining! Mr Bambino is planning his undersea celebration and you definitely cannot miss it!

Famous treasure from pirate shipwreck

August 26 – August 30, 2024

We will not loaf in the last holiday week. We still have not found the famous treasure. What it only could be? Will there be gold, jewellery, diamonds... or a map to another treasure? Let's get surprised. But first, we need to find it.
