Summer in kindergarten

Old Czech legends

1 July - 4 July 2019

We will start the summer with Forefather Čech, Krok and his three daughters. Let's play Forefather Čech and find the Říp Mountain. We will overcome obstacles since it was not easy for our ancestors. There were various traps hidden all around. We will build a castle. Do you prefer Děvín, Tetín or rather your own?

We will help Kazi find herbs and prepare a potion, perhaps against cough or a good mood potion. Teta could talk to gods. We will make one (ceramics). Libuše predicted the future. We will try so as well. We will paint how it will look like here in 100 years.

Kampa full of legends and surprises

8 July – 12 July 2019

This week we will move to Kampa where the Čertovka brook flows. This brook hides several surprises like water goblins and other legendary and magic beings. One of them is Kabourek the water goblin – a friendly ghost who might be seen climbing out of the brook and begging passers-by for a jar of beer from one of the local pubs. We will play water goblin games. We will mention Werich's legendary tales and songs, we will paint a Lennon's pavement here in Bambino.

Golem and the Jewish Town

15 July – 19 July 2019

The third week of the holiday will be devoted to the time of King and Emperor Rudolf II and we will find out why Prague was "golden" thanks to him. Was Rudolf II a fool or a genius? You will meet alchemy and Kelly the Alchemist and maybe we will find a potion of immortality. We will learn who was Golem and who invented him. Will we manage to make Golem out of potter's clay?

Žižkov

22 July – 26 July 2019

It is the year of 1420 and Hussite crusades start to be drawing near. How such a crusade looks like? Who is the leader? And where are they going to? And where did it happen? This is what we are going to learn because we will become Crusaders in a crusade against Zikmund to Vítkov. First, we will learn about Jan Žižka who will lead us throughout the week (thus throughout the whole crusade).

At the crusade, we will make an "armour" and excavate archaeological artefacts from the time of Hussites. There will be introductory "jousts" and we will have our crusader names with ranks. Of course, there will be the most important "Battle of Vítkov Hill". Everything will be recorded to a chronicle so that our battle remains forever in the Czech history and legends.

Legends of Vltava

29 July – 2 August 2019

Every day we meet various obstacles. Who else should be better prepared for everyday traps than a scout? This week we will be accompanied by a crew of five boys known as Rapid Arrows. In addition to overcoming everyday problems like tying knots, orientation in space and others, we will disclose one of the biggest mysteries together – Hedgehog in the Cage. Using the hidden Tleskač's plans, we will build a flying bicycle and moreover, we will get a badge for newly acquired skills and knowledge every day.

Rapid Arrows

5 August – 9 August 2019

Every day we meet various obstacles. Who else should be better prepared for everyday traps than a scout? This week we will be accompanied by a crew of five boys known as Rapid Arrows. In addition to overcoming everyday problems like tying knots, orientation in space and others, we will disclose one of the biggest mysteries together – Hedgehog in the Cage. Using the hidden Tleskač's plans, we will build a flying bicycle and moreover, we will get a badge for newly acquired skills and knowledge every day.

Week with Žito the Magician

12 August -16 August 2019

Do you like magic, circus tricks and witchcraft? This week, you can try all of that with Žito the Magician who will guide us not only here in Bambino but throughout Prague where he used to be in the services of the king as a court magician. We will have lots of fun in preparation of magician and circus tools, we will visit the festival of new circus at Letná and we will participate at an open juggling studio.

Petřín – place of legends and famous buildings

19 August – 23 August 2019

This week we will find out where is the name Petřín from, we will learn about the magic history of the hill, we will discover the system of tunnels under Petřín and we will look for a robbers' treasure. We will take a look to the past and go back to 1891 to the General Land Centennial Exhibition and visit the Petřín buildings of that time – the funicular, the observation tower and the maze, and we will also build our own ones.

Vyšehrad

26 August – 30 August 2019

Where are secrets and magic hidden, there are often answers and knowledge. We will predict the future and prepare magic potions. Beautiful Libuše will be our example. She knew very well long time ago that Prague would be the home of kings and famous people. We will find husband (Bořivoj) for Libuše in the maze. On our way, we will meet also Horymír and Šemík who will give us tricky questions. Thanks to them, we will get to Vyšehrad. Šemík made by us will help us to get from Vyšehrad. At the end, we will try to play how it really was with Horymír.
