

# Mr. Bambino travels through the time

2023

**Bambino**

## PREHISTORIC TIMES AND MAMMOTHS' HUNTERS

**July 17 – 21, 2023**

Who were the first people? Were they gatherers or hunters? What was their life like in the caves? We will imagine this and try to experience it in the second week. We will make our „first fire“, paint the cave walls. We will go to the National Museum to see a mammoth and discuss how their hunt might have looked like. We will be inspired by the Croods, a cheerful prehistoric family.

## ANCIENT EGYPT AND MESOPOTAMIA

**July 24 – 28, 2023**

In the third week of the holidays, we will visit the builders of the pyramids. We will get to know the ancient empires in Egypt and Mesopotamia, which laid the cultural foundations of humanity. We will reveal what it means when we say „an eye for an eye“, the first writings such as cuneiform or hieroglyphs. We will get to know the seven wonders of the world such as the pyramids and the Alexandria lighthouse, we will get to know the ancient Gods and their temples. We will reveal the secrets of mummies and tombs with treasures.

## ANTIQUE ROME A GREECE

**July 31 – August 4, 2023**

The spirit of this whole week will be sports! Mr. Bambino is going to take us to ancient Greece and Rome. We will participate in the Olympic Games. We will meet ancient heroes such as Achilles or Odysseus. We might even have to outwit the one-eyed Cyclops. We will make a musical instrument with the God Apollo and perform some interesting experiments with the mathematician Archimedes. Let's not forget the making of the olive wreath.

## MIDDLE AGES

**August 7 – 11, 2023**

Castles and dungeons, knights and princesses... All this awaits us in the week when we look into the Middle Ages. We will learn how people dressed, where they lived, what they had fun with and what customs and traditions they had. We will invent and paint our own coat of arms, make crowns and build the highest castle possible. And maybe together we will go to the royal ball and prove our courage in the knight tournament.

## NEW WORLD

**August 14 – 18, 2023**

This week offers us even more adventures. On our adventurous journeys, we will have to build a proper ship and explore the maps. Together with the sailor Kryštof, we sail to the American shores. We will explore a new continent. We will taste goodies made from corn and potatoes. We will get to know the original inhabitants, their culture, buildings and inventions.

## INDUSTRIAL REVOLUTION

**August 21 – 25, 2023**

Come, let's get on the steam express with Willy Fog and go on a trip around the world! Along the way, we will meet many famous inventors, thanks to whom, for example, we can use light bulb today or fly on vacation by plane. The most famous detective of all time Sherlock Holmes will introduce us to completely new detective methods and we will help the suffragettes in the fight for their rights. And we will even do it in just 5 days! That will be a great adventure to say good bye to our holiday in Bambino.
